

Assignment Checklist (Ask for Help!)

WATER WALK THROUGH

Do not water grass after it rains.

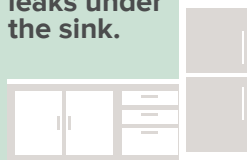

Use water wisely and do not waste it. Only 1% of the water on Earth can be used by people. Conserve water at home with this helpful checklist.

Check the shower and toilet for leaks.

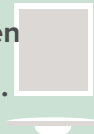

Put low water-use plants in the yard.

Check for leaks under the sink.

Turn off water when brushing your teeth.

Wash full load of clothes in the washing machine.

Wash car or bike with a bucket of water, not a hose.

Check for sprinkler leaks.

Set the sprinkler timer to water the grass at night.

Cover pool when not in use.

Use a broom, not a hose, to clean the sidewalk. Make sure the sprinklers don't water the sidewalk, dirt or street.

WATER CONSERVATION PLEDGE

I pledge to conserve water and not waste it by doing my part at home and school. Water is a valuable resource that should be treated with care and respect. If we all save a drop, it will matter a lot to myself, my family, my home, and my community.

I completed the Water Walk Through Assignment Checklist and took the Water Conservation Pledge!
